Awards 2012

BEST HOST OF THE YEAR: HOSTGATOR

Once again, for the second consecutive year, we have chosen HostGator as our favorite hosting company. Our decision is based on a number of criteria. They have a large selection of plans including shared hosting up to dedicated server hosting. Their stability, reliability, uptime and speed have all maintained excellent standards. If we have ever had a problem, their tech support has been able to resolve the issue. They keep us and their customers happy and that's what has earned them Best Host in 2012.

BEST BUSINESS HOST OF THE YEAR: SITE5

We have chosen Site5 as the Best Business Host Of The Year. We chose them because of their excellent performance in tech support, security, account management, speed : hosting. They are one of the few companies who went out of their way to simplify the cPanel and add the ability for one account to have multiple sub accounts with their own cP have excellent, personal tech support who are interested in taking care of each of their customers.

BEST JOOMLA AS A SERVICE: CLOUDACCESS

New to our awards section this year, is the 'Joomla As A Service' Award. This award goes to the best hosting company who's plans all come with a preinstalled Joomla website. CloudAccess takes the cake as the Best Joomla As A Service. They provide everything you need for a Joomla website from start to finish. They have a personalized control panel and excellent tech support. Each technician is trained in Joomla and will even help you install Joomla templates.

BEST CLOUD HOSTING COMPANY: SITE5

Cloud hosting means your website is stored on several servers all over the country and/or world. Site5 is a company that does this very well. Our sites that are hosted on the cloud often perform better and they almost never have downtime.

2011

BEST HOST OF THE YEAR: HOSTGATOR

Our favorite company for the year 2011 is HostGator. We like HostGator because of their dedication to great service, outstanding uptime, optimal security and fast speeds. After hosting different websites on their shared server plan, it has become clear that they will deliver on high expectations. Whenever we have had a problem, they will work with us to resolve it, because of their active Twitter, Facebook and the ability to live chat, that they value being able to connect to customers.

BEST BUSINESS HOST OF THE YEAR: SITE5

Joomla Hosting Review's favorite business hosting company for 2011 is Site5. This is because of outstanding performance in areas like tech support, security, account management and all around excellent hosting. We use Site5 with multiple account and domain manager to easily allow access for clients, developing sites and much more. Now, when you chat with a support technician, you are able to see a picture of them along with a name. This adds a sense of trust and personality that has been lost by many other hosting companies.

About Joomla Hosting Reviews

JoomlaHostingReviews.com is a directory of Joomla hosting companies and services, offering in-depth Joomla hosting company and user reviews, exclusive hosting coupon deals and expert Joomla hosting and web design advice.

Inside you'll find expert customer reviews of all Joomla hosting companies, online backup services, newsletter hosting companies, install guides, tips and tutorial on improving Joomla performance.

Disclosure: Our hosting reviews, ratings and awards are not based on any incentives or commissions. We pay for all hosting. We are compensated by companies for some products we review. The compensation does not affect the outcome of the review. Each "Best Review" was created by our editors. We are independently owned and the opinions expressed on here are our own.

Our mission: to be the most comprehensive Joomla hosting website available online. And, most importantly, to be a valuable resource for those new to Joomla and the world of web hosting.
